To: Global\_S12\_Mon &lt;COR1-GB-2303-30-S2012@stern.nyu.edu&gt;, Global\_S12\_Sat &lt;COR1-GB-2303-00-S2012@stern.nyu.edu&gt;

I had a great time this term, and hope you can say the same. If we don't meet up in a future class, please stay in touch. We like to say the course comes with lifetime technical support. If something comes up in your life or work that's connected to economics, send me an email.

One way to stay in touch is to sign up for the Stern econ blog. It's an experiment; the idea is to include things like the topics we cover in the news part of class. Send questions, too, if something comes up that grabs your interest. Link below, and there's a spot on the lower left part of the page to sign up for email delivery.

<http://nyusterneconomics.wordpress.com/>

Grades should be posted shortly. I'll be out of town for most of the next two weeks (KC Fed, Bundesbank), but if you have a question about your grade or exam, stop by or send an email.

One last thing. Several of you have asked about other economics courses. I've started to compile a list of suggestions on the course web site, mostly my summary of recommendations from other students. If you have questions or comments to add, please send them along.
